

Amendments to the Specification:

Delete page 1, lines 6-8 of the specification and replace it with the following heading and paragraph:

-- REFERENCE TO COMPUTER PROGRAM LISTING APPENDIX

A computer program listing including details of example test programs illustrating various routines employed by the normal processor unit and the standby processor unit in embodiments of the present invention has been submitted herewith on one compact disc and one duplicate copy thereof. The materials are incorporated by reference herein in accordance with 37 CFR § 1.52(e)(5). The compact disc contains three files: (1) named "appenda.asc", created on February 18, 2005, file size 26,805 bytes; (2) named "appendb.asc", created on February 18, 2005, file size 217,495 bytes; and (3) named "appendc.asc", created on February 18, 2005, file size 25,277 bytes. --.

Delete pages 25-109 of the specification.
